

# USJN Premier Showcase Cincinnati

July 5-6<sup>th</sup>

Cincinnati, OH

IGBRR spent a day and half at the USJN Premier in Cincinnati to kick off the July viewing period. Indiana clubs at the event included the Flight, Indiana Elite, Magic, MBA, Sky Diggs Elite and more. SDE Sullivan, SDE Huffman, Magic Blanding, Heat, Magic Scott all won their respective pools. SDE Sullivan led by Junior All-Stars Daly Sullivan and Macee Williams took the runner-up trophy in the four day event.

Following are several Indiana players that impressed for their respective team during our opportunity to observe.

## Flight Eastern

2017 6'1 F/C **Courtney Wise** Union City

New comer to club basketball, she has steadily improved against the higher level competition throughout the spring/summer. Long frame & wingspan, along with fairly good agility allows her to be a productive finisher around the basket. While she doesn't take them in bunches she is capable of knocking down the open jumper out to the 3. Will need to become a bit more aggressive to take game to next level against high caliber opponents. Raw but some ceiling to work with. D3/NAIA prospect.

## Flight Thunder

2018 5'9 SG **Cassidy Hardin** Center Grove

Regarded as one of the top pure shooters in the state regardless of class. Has deep 3 ball range with quick release. Active without the ball on both ends. Gets hands on a lot of balls on the defensive end, using bball IQ and anticipation. Continuing to improve off the bounce going to the rim. Multiple high D1 offers.

2018 5'10 PG **Amy Dilk** Carmel

Long, heady point guard that is one of the premier floor generals in the state. Solid skill set from top to bottom including great court vision, playmaking ability, and good decision making with the ball. Has played at and against a high level for many years now. Plays for one of Indiana's top high school programs and club teams. Multiple high D1 offers.

### **Flight Duke**

2019 5'11 W **MaKenna Fee** Seymour

Solid 2019 wing prospect that has the base for a solid skill set. Can handle the ball from the wing some and has a nice jumper out to the 3. Has the size to mix it up some in the paint but will need to add some additional strength to be a physical presence around the basket. Long with wingspan, lends to versatility on both ends of the floor

2020 5'7 G **Blacker** Clinton Prairie

For a 2020 playing up, played with pose, energy, and displayed a very solid skill set and good feel for the game. As she continues to get reps against higher level competition will continue to develop her processing and decision making. A 2020 that will have impact.

### **Flight Johnson**

2019 6'2 C **Haley Westerfeld** Batesville

Solid 2019 post prospect with considerable upside. Nice strong post frame, plays physical, aggressive on both ends and competes. Fairly fluid and agile and runs the court well. Needs to be consistent on finishing on post moves and opportunities. Rebounds well and owns her space.

2019 5'2 PG **Gracie Johnson** Martinsville

Small in size but a monster on the court. Seems to be involved in every play on both ends from deflections, steals, to keeping possessions alive. Fearless going to rim, pushes well in transition with good court vision, and shoots the ball from beyond the arch as well.

### **Flight Black**

2020 5'11 W **Rachel Loobie** Franklin Central

Long athletic frame with solid skill set. Causes issues on the defensive end with her length & anticipation and a strong finisher in transition. As she develops her half court skill set she will be an impact player in the 2020 class to keep an eye on.

2020 5'8 W **Aliyah Evans** Greensburg

Fluid, physically strong wing/guard that plays with a high motor and nice skill set. Can handle the ball, goes hard to the basket and has a nice feel for the game on both ends.

### **Indiana Elite Team Indiana**

2017 6'2 C **Jaelencia Williams** Southport

Big powerful post presence. A 6'2 big body post frame that uses that frame along with agility and good hands/feet to control her space around the block. A strong explosive drop step to the basket and attacks the ball off the rim on both the offensive and defensive boards. D1 prospect with offers.

### **Indiana Elite Rising Stars**

2018 5'10 G **Jacinta Gibson** Jeffersonville

Long, versatile athlete with a solid skill set. Can defend multiple spots. Provides for a difficult match-up on the offensive end, able to bring the ball up and use bigger stronger frame against smaller guards or play off the ball on the wing using quickness and ball handling to get to rim against bigger less agile defenders. Was very comfortable leading the point of attack and was aggressive getting to the rim, rebounded well from the guard spot as well.

2019 6'2 F/C **Delaney Richason** Zionsville

One of the better post prospects in the 2019 class and has already proven herself against solid high school, 4A, and club competition. Nice strong post frame, plays physical and aggressive around the basket on both ends. High basketball IQ, a plus passer out of the post and adding to skill set on the offensive end.

### **Magic – Blanding**

2017 6'0 W **Madison Wise** Greenfield Central

One of the top prospects in the state. Long fluid guard/wing that is flat out one of the top 6 footers in the transition game. Can handle the ball from baseline to baseline against guards and has the frame and athleticism to finish against the wings & post. Has become an even more difficult match-up now that she has added a consistent three ball over the last year. Indiana Jr All-Star, High D1 prospect with multiple offers

2018 5'7 G **Nia Clark** Ben Davis

Quick athletic guard that uses those attributes to be a lock down defender, create turnovers, get deflections and excels in the transition game. Improving jumper, has an explosive first step and capable of finishing at the rim against bigger defenders. Multiple D1 offers

### **MBA Select 2019**

2021 5'6 G **Danielle Jenkins** Wawasee

You wont normally find incoming 8<sup>th</sup> grader in our high school evaluations but Jenkins was playing up at this event and while playing up it became apparent that she was carrying play for her squad. Solid guard skill set, played with pose for her age and didn't back down from the older, physical competition. A youngster to keep our eye on in the coming years.

### **Sky Diggs Huffman**

2017 5'11 G **Brittany Welch** Sheridan

Long, athletic guard that brings versatility to both ends of the court. Handles ball well from multiple spots, excels at attacking the rim using hops and length to finish against guards or bigs. Competes on boards with athleticism and works hard. Still relatively newcomer to high level competition developing bball iq and shot selection. Plenty of ceiling left. D1 prospect with multiple offers

### **Sky Diggs Sullivan**

2017 5'9 G **Daly Sullivan** South Bend St Joseph

Versatile combo guard, able to run point with pose, leadership, and confidence. Can facilitate when needed or take over a game with ability to score in bunches, both at the rim and from the arch. Uses high skill set and IQ to create space for teammates and herself. Proven track record against high level competition for many years. Had multiple games of 20+ on way to runner-up finish. Indiana Jr All-Star, D1 prospect

2017 6'1 F **Macee Williams** Fountain Central

While in the top 10 of 2017 Indiana class, Indiana Jr All-Star and multiple D1 offers Macee is still undervalued and under recruited as a relative newcomer to the club circuit. 6'0 forward that supports a strong frame, incredible wingspan, nice hands and feet. Agile for size, comfortable with ball away from basket, shot blocker and cleans up on the boards. Needs continue improvement with ball handling in the open court and first step. D1 prospect with multiple offers.
