

USJN Premier Showcase(EYBL)

July 5-6th
Westfield, IN

Over 280 teams from 26 states descended on the Indianapolis area to kick off the July exposure period. The event also hosted the Nike EYBL session, which included twelve of the country's top Nike sponsored programs. IGBRR was able to take in the first two days of the event, covering the 52 Indiana teams that participated. Following are just a few prospects that got the evaluation period kicked off on the right foot with noticeable performances.

2018 Maci Heimlich 5'7 PG Indiana's Best North White

Solid consistent play from the point is what you get from this prospect. A bit under recruited, Maci's ability to be an extension of her coach and make solid decisions with the ball is a big asset. She can knock it down from the perimeter and uses her savvy and ball handling to get to the rim when necessary.

2019 Jorie Allen 6'1 F Gym Rats Bedford North Lawrence

Versatile forward on both ends, can really play and defend the 3-5 when called upon. Can stretch the floor offensively with her ability to knock down the 3 ball and shows some ability to create her own shot off the bounce from the perimeter. Makes strong moves on the low block and finishes through contact. Multiple D1 offers.

2019 Taylor Boruff 5'10 G Flight Northwestern

A creative player offensively, who can create match-up problems for opponents. Is able to break defenders down off the dribble and get the edge on drives. Comfortable creating her own shot in the midrange and shows ability to finish with variety around the basket. Strong court awareness and an effective passer. A strong creator already but a little extra foot speed would go a long way. D1 offer.

2019 Logan Cox 6'1 F Flight East Central

Logan has made big strides in her game the last six months. Improved feet and hands, posting with strength and finishing with touch in multiple ways. Rebounds well in her area and able to protect paint on defensive end with length both blocking and altering shots. Needs to continue to add strength and work face up game.

2019 Trintee Harris 5'8 PG MBA Select Elkhart Central

Extremely quick athlete with high level ball handling that excels at getting to the rim. Creates space for herself and teammates with handles, court vision, and passing ability. Doesn't shot the jumper often but the stroke looks capable. Rebounds at a high level from the backcourt with elevation and pushes against guards and finishes against bigs in transition. Athleticism and energy allows from on ball pressure and deflections and steals in passing lanes.

2019 Hannah Noveroske 6'4 C Gym Rats Michigan City

Combination of a big post frame with soft hands and capable feet make Hannah a handful in the post. Runs the floor fairly well for her size and establishes position on block with physical presence. Shows good hands on entry catch and a soft touch on finish around basket. Able to protect rim with size and length, continue work on mobility to defend face up game outside of paint.

2019 Cameron Tabor 5'9 PG Magic New Castle

Really shows a knack just putting the ball in the basket. Is effective as a scorer in the midrange and comfortable creating her own shot from there but could be more aggressive about holding the edge on drives and creating at the basket. Sets up teammates for easy looks. Quick feet and hands defensively, strong on ball defender.

2020 Ella Collier 5'10 W Flight Danville

A stock riser this club season. A versatile game with length. Can score at all levels and able to take advantage of mismatches. Capable 3 point shooter with a nice mid-range game. Gets herself to the line and converts. Has the ability with length and athleticism to defend multiple spots and go to the boards.

2020 Kyrstin Green 5'5 PG Lafayette BC Lafayette Jeff

Lightning quick with a strong handle, can get anywhere she wants on the floor. Gets into the paint and sucks the defense in, setting up teammates for easy looks. Developing midrange game off the bounce but is showing some variety and creativity, will be dangerous as she continues to develop. Pushes the ball in transition but doesn't force the issue or put teammates in bad position.

2020 Mallory Hawkins 5'8 G Flight S.Vermillion

Showed effort on both ends, getting after 50/50 balls and playing with a physical presence. Demonstrated ability to knock down open jumpers and handle ball and make good decisions against pressure. Defended with physical mindset and was willing to go to the boards.

2020 Aliyah Evans 5'9 F Flight Greensburg

Combination of strength and a quick first step makes her tough to handle. Takes smaller players to the post and is able to create from the perimeter against slower defenders. Can hit the 3 with consistency. Active on the boards and is physical inside on both ends of the floor. Has the tools to play more at the guard spot but needs to work on foot speed to make a more permanent switch.

2020 Keegan Sullivan 6'0 G SDE South Bend St Joseph

Dynamic scorer who can create a shot from any location on the floor. Hits difficult/contested shots at a high rate. Efficient three point shooter who can hit off the catch or dribble. High IQ player who sees plays before they develop on both offense and defense. Can be a force defensively at times, doesn't get beat a lot defensively but could be more engaged at times. Multiple D1 offers.

2021 Anna Henderson 5'10 G Indiana's Best Harrison

Can do it all on both ends of the floor. Offensively she can play on the perimeter or in the post and is comfortable creating for herself and her teammates from either spot. Can hit from 3 but does most of her damage getting to the basket. Physical defender who can defend the perimeter or the post, always engaged defensively.

2021 Sydney Jaynes 6'1 C/F Flight Trinity Lutheran

Active hands and strong footwork on D result in lots of deflections on both passes and shots. Rebounds well on both ends, keeping ball high on put backs on offense. Shows a variety of moves with back to the basket and finishes strong. Solid from the FT line. Comfortable on the perimeter offensively but could use some polish. Competes well on both ends. Understands when she has a mismatch and looks to take advantage.

2021 Ari Wiggins 5'8 G Midwest Finest Heritage Christian

Ari already has most of the tools at an early age with a high level skill set, athleticism, and instincts. Excels at getting to the rim with quickness and handles and finishes with athleticism and body control. Capable shooter out to the 3 line and can get on a roll, needs added consistency in her jump shot game. Quick hands and feet translate into steals, deflections and easy buckets in transition. Multiple D1 offers.
