2020 USA Girls Basketball Winter Camp
Recap & Photo Gallery
December 28, 2020

Forty of Indiana's top 7th & 8th grade basketball prospects participated in the USA Girls Basketball Winter Camp at Ivy Tech in Noblesville on December 28th. The camp was ran by head trainer Natalie Morse and her staff. The trainers consisted of six former college players that included three former Miss Basketball winners (96' Lisa Winter-Finn, 97' Lisa Shepard-Stidham, 10' Courtney Moses-Delks) along with six current high school standouts. The participants rotated through several skill stations, along with a rotation through an athleticism measurement station. At the conclusion of the station work the participants were able to listen to a round table lecture where the trainers shared their vast experience and knowledge of the game with the campers. The camp concluded with several running clock games that gave the participants the opportunity to compete against one another and showcase their skills.

IGBRR was an evaluator for the camp and assisted in the selection of the All-Camp team, Leadership Award, and Defensive Player Award winners. Those selected received a plaque that was signed by the camp trainers. We were able to view several familiar prospects along with many new ones while at the event. Below is a listing of those named to the All-Camp team and award winners.

USA Girls Basketball Elite All-Camp Team

(left to right)

Blair Satterfield	HSE	7th Grade
